DESIGN • CREATE • EXPLORE • DISCOVER • IMPACT

Our mission is to encourage and facilitate students' engagement in research, scholarship and creative activities in all disciplines. We empower students to find research opportunities with UC Davis faculty, and provide them with resources to hone skills that are vital to success as researchers and in their future careers.

Benefits of Research

- Explore career directions
- Build transferable skills and enhance resume
- Learn to publicly advocate for and defend work
- Develop a professional research network
- Build community connections within your field of study
- Contribute knowledge and impact the world
- Have Fun!
